Conductivity indicator

| | |
|--------------|---------|
| Order number | 1034799 |
|--------------|---------|

The measurement device shows the amount of all dissolved salts / minerals in the water.

Total and carbonate hardness test

| | |
|--------------|--------|
| Order number | 710403 |
|--------------|--------|

Total and carbonate hardness test together in one set.

Total hardness test

| | |
|--------------|--------|
| Order number | 536754 |
|--------------|--------|

For additional identification of the local total hardness. The total hardness indicates the total calcium and magnesium ions in the water.

Carbonate hardness test

| | |
|--------------|--------|
| Order number | 710800 |
|--------------|--------|

The local carbonate hardness must be identified before installing a BRITA water filter. The higher the carbonate hardness, the higher the limescale build-up in the machine.
